## AMENDMENTS TO THE CLAIMS

- 1. (Currently Amended) A handheld data processing device comprising:
  - a display/processor module comprising a display and a processor;
- a first keypad slider comprising a keypad, slidably coupled to said display/processor module; and,

a second keypad slider comprising a keypad, slidably coupled to said display/processor module, and wherein said first keypad slider and said second keypad slider substantially cover said display of said display/processor module when they are in a closed position.

2. (Cancelled)

- 3. (Original) The handheld data processing device of Claim 1, wherein said first keypad slider comprises a window.
- 4. (Original) The handheld data processing device of Claim 3, wherein said second keypad slider comprises a window.
- 5. (Original) The handheld data processing device of Claim 1, further comprising a display orientation controller.
- 6. (Original) The handheld data processing device of Claim 1, wherein said first keypad slider is electrically coupled to said display/processor module by a flexible ribbon connector.

Serial No.: 10/006,537 2 Examiner: ANYASO, U.O.

7. (Original) The handheld data processing device of Claim 1, wherein said first keypad slider is optically coupled to said display/processor module.

- 8. (Original) The handheld data processing device of Claim 1, further comprising a detent mechanism for enabling repeatable and stable extension of the handheld data processing device.
- 9. (Original) The handheld data processing device of Claim 1, wherein said first keypad slider includes a microphone.

10. (Original) The handheld data processing device of Claim 9, further including a voice recognition processor.

- 11. (Original) The handheld data processing device of Claim 1, wherein said first keypad slider includes a speaker.
- 12. (Original) The handheld data processing device of Claim 11, wherein said second keypad slider includes a microphone.
- 13. (Original) The handheld data processing device of Claim 1, further comprising a wireless transmitter.
- 14. (Original) The handheld data processing device of Claim 1, further comprising a wireless receiver.

Serial No.: 10/006,537 3 Examiner: ANYASO, U.O.

15. (Original) The handheld data processing device of Claim 1, further comprising a line selection driver.

- 16. (Original) The handheld data processing device of Claim 1, wherein said first keypad slider and said second keypad slider comprise a QWERTY keypad.
- 17. (Currently Amended) A wireless telephone comprising:
  - a microphone slider;
  - a data processing and transceiver module;
- a display located on a front side of said data processing and transceiver module;

a speaker slider, and wherein said microphone slider and said speaker slider substantially cover said display when they are in a closed position.; and

a keypad integrated on a front side of said microphone slider and a microphone integrated on a back side of said microphone slider;

a keypad integrated on a front side of said speaker slider and a speaker integrated on a back side of said speaker slider.

- 18. (Canceled)
- 19. (Currently Amended) A wireless telephone comprising:
  - a microphone slider;
  - a data processing and transceiver module; and,
  - a speaker slider;

Serial No.: 10/006,537 4 Examiner: ANYASO, U.O.

Art Unit: 2675

DI

wherein one of said microphone slider and said speaker slider comprises a keypad, and wherein said microphone slider and speaker slider substantially cover a display of said data processing and transceiver module when they are in a closed position; and

a line selection driver.

20. (Original) The wireless telephone of Claim 17, further comprising a detent mechanism for enabling repeatable and stable extension of the telephone.

21. (Currently Amended) A wireless telephone comprising:

a microphone slider;

a data processing and transceiver module; and,

a speaker slider.;

wherein one of said microphone slider and said speaker slider comprises a keypad, and wherein said microphone slider and speaker slider substantially cover a display of said data processing and transceiver module when they are in a closed position; and

a voice recognition processor.

22. (Canceled)

23. (Currently Amended) A handheld display device comprising:

a data processing unit comprising a processor, a display and a wireless telephone transceiver unit;

a first sliding cover comprising a keypad; and,

Serial No.: 10/006,537 5 Examiner: ANYASO, U.O.

a second sliding cover wherein the covers are openable to protect a display disposed on said data processing unit when closed.

24. (Original) The handheld display device of Claim 23, wherein said first sliding cover comprises a window.

25. (Original) The handheld display device of Claim 24, wherein said second sliding cover comprises a window, wherein the windows allow viewing of a portion of said display when the covers are closed.

26. (Original) The handheld display device of Claim 23, further comprising a display orientation controller, for displaying information on said display in a

landscape orientation and in a portrait orientation.

27. (Original) The handheld display device of Claim 23, wherein said first sliding cover is a keypad slider electrically coupled to said display module by a flexible

ribbon connector.

28. (Original) The handheld display device of Claim 23, wherein said first sliding

cover is a keypad slider optically coupled to said display module.

29. (Original) The handheld display device of Claim 23, further comprising a

detent mechanism for enabling repeatable and stable extension of the display

device.

Serial No.: 10/006,537 6 Examiner: ANYASO, U.O.

30. (Original) The handheld display device of Claim 23, wherein said first cover slider comprises a microphone.

- 31. (Original) The handheld display device of Claim 23, wherein said first cover slider comprises a speaker.
- 32. (Original) The handheld display device of Claim 31, wherein said second keypad slider comprises a microphone.
- 33. (Original) The handheld display device of Claim 23, further comprising a wireless transmitter.
- 34. (Original) The handheld display device of Claim 23, further comprising a wireless receiver.
- 35. (Previously Amended) The handheld display device of Claim 23, further comprising a line selection driver.

Serial No.: 10/006,537 7 Examiner: ANYASO, U.O.
